

Terms of Service

Effective date: May 29, 2026

These Terms of Service govern your access to and use of SyncTax and any related website pages or webhook services provided by The DevMarq. By using SyncTax, you agree to these Terms.

The Service

SyncTax is a desktop workflow tool for matching business records to ITR PDFs, sending documents over WhatsApp, and tracking delivery status using Meta's WhatsApp Business Platform and related services.

License

We grant you a limited, non-exclusive, non-transferable, revocable license to use SyncTax for your internal business purposes while your license remains active and in good standing. You may not copy, resell, sublicense, reverse engineer, or bypass the license or hardware-binding controls.

Your Responsibilities

- Using SyncTax only in compliance with applicable laws, Meta policies, and WhatsApp terms.
- Obtaining any necessary consent before processing or messaging customer data.
- Keeping your license key, Meta credentials, and webhook secrets secure.
- Ensuring the data you upload is accurate and that you have the right to use it.
- Reviewing and verifying messages before sending them to recipients.

Third-Party Services

SyncTax relies on third-party services, including Meta / WhatsApp Business Platform, Vercel, and Supabase. Those services have their own terms, policies, and availability. We are not responsible for outages, changes, or decisions made by third-party providers.

Acceptable Use

You agree not to use SyncTax for unlawful, deceptive, harmful, or abusive activity, including spam, fraud, impersonation, or unauthorized access.

Updates and Availability

We may update SyncTax from time to time. We do not guarantee uninterrupted or error-free operation. We may suspend or discontinue features when necessary for maintenance, security, compliance, or business reasons.

Fees and License Status

Access to SyncTax is subject to your active license and any agreed commercial terms. If a license expires, is disabled, or fails verification, access may be limited or suspended.

Disclaimer

SyncTax is provided on an as is and as available basis, to the maximum extent permitted by law. We do not warrant that the service will meet every requirement or be free from defects.

Limitation of Liability

To the maximum extent permitted by law, The DevMarq will not be liable for indirect, incidental, special, consequential, or punitive damages arising from your use of SyncTax.

Termination

We may suspend or terminate access if you violate these Terms, misuse the service, or if required by law or a third-party provider.

Changes

We may revise these Terms from time to time. Continued use of SyncTax after the effective date of the revised Terms means you accept the update.
